Campaign Terms and Conditions

Promotional Period: October 19 – November 30, 2026

1. Offer Eligibility. This limited-time promotional offer (the "Promotion") is valid for the purchase or rent-to-own purchase of a new or used Epiroc SmartROC, FlexiROC, or PowerROC surface drill rig (the "Eligible Rig") in conjunction with the purchase of qualifying Epiroc spare parts ("Eligible Parts"). Purchases may be made in cash, pursuant to Epiroc payment terms, or through internal or external financing, subject to applicable credit approval and financing terms. Financing through Epiroc Financial Solutions (EFS) may include Eligible Parts up to the percentage of the capital equipment purchase amount approved by EFS, where applicable, and subject to applicable financing requirements.

2. Promotional Discount. Eligible customers shall receive a discount of 10% on qualifying Eligible Parts purchases totaling at least $10,000, increasing by one (1) percentage point for each additional full $1,000 in qualifying Eligible Parts purchases, up to a maximum discount of 20% on qualifying purchases of $20,000 or more. Discounts shall apply solely to Eligible Parts and shall be calculated on the qualifying purchase amount before promotional discounts and excluding applicable taxes, freight, and other charges. No promotional discount shall apply to Eligible Parts purchases below $10,000. The maximum promotional discount shall not exceed 20%, regardless of purchase amount.

3. Purchase Order Requirements. To qualify for the Promotion, the Eligible Rig and all Eligible Parts must be included on the same purchase order submitted during the Promotional Period. Separate purchase orders, including subsequent or supplemental parts orders, shall not qualify for the Promotion. All qualifying purchases must be properly documented and are subject to verification by Epiroc.

4. Special Agreement Pricing and Net Pricing. Customers with existing special pricing agreements, negotiated net pricing, or other contractual pricing arrangements may qualify for the Promotion, provided that all applicable terms and conditions of such agreements have been satisfied. Where percentage-based discounts have been negotiated under an existing agreement, promotional discounts shall not be applied cumulatively. Instead, only the incremental difference, if any, between the customer's existing negotiated discount and the applicable promotional discount shall apply. For example, a customer with a negotiated 10% discount purchasing $11,000 in qualifying Eligible Parts may receive an additional one (1) percentage point discount, resulting in a total discount of 11%. Where negotiated discounts equal or exceed the applicable promotional discount, no additional discount shall apply. Customers with negotiated net pricing shall remain subject to their existing pricing arrangements, with any additional promotional benefit subject to Epiroc review and approval.

5. Authorized Dealer Participation and Rebates. Authorized Epiroc dealers are eligible to participate in the Promotion, provided that **the applicable promotional savings are passed through in full to the end customer.** Promotional benefits for dealers shall be administered through a rebate-based process, subject to Epiroc's applicable dealer program requirements. Eligibility for dealer rebates is expressly conditioned upon verification that the corresponding promotional savings have been provided to the end customer. Epiroc reserves the right to request supporting documentation and to withhold or deny rebates where such requirements have not been satisfied.

6. Product Availability and Delivery. All qualifying orders are subject to product availability. Due to anticipated demand during the Promotional Period, certain Eligible Parts may not be available for immediate shipment. Epiroc reserves the right to fulfill qualifying orders through partial shipments, backorders, or deferred deliveries, as necessary, based on inventory availability and operational requirements. **Eligible Parts included on a qualifying purchase order placed during the Promotional Period shall remain eligible for the applicable promotional discount notwithstanding shipment or delivery after the Promotional Period.** Shipment and delivery dates are subject to product availability and may be adjusted at Epiroc's discretion. No guarantee of immediate availability or delivery within the Promotional Period is made.

7. Promotional Period and Geographic Limitations. The Promotion is valid only for qualifying purchase orders placed from October 19, 2026, through November 30, 2026, inclusive (the "Promotional Period"). The Promotion applies exclusively to qualifying purchases made through Epiroc USA LLC, including Epiroc Customer Centers, or through authorized Epiroc dealers, for shipment to addresses located within the contiguous United States and Washington, D.C. Orders placed outside the Promotional Period or intended for delivery outside the designated geographic area shall not qualify.

8. Exclusions and Restrictions. The Promotion applies exclusively to Eligible Parts purchased in conjunction with an Eligible Rig and does not apply to other capital equipment, consumables, or Epiroc products not expressly covered by this Promotion. Promotional discounts are nontransferable, have no cash value, and may not be redeemed or exchanged for cash. Except as expressly provided herein with respect to existing special agreement pricing, this Promotion may not be combined with other promotional offers, discounts, rebates, or special pricing arrangements.

9. General Conditions. All purchases are subject to applicable Epiroc terms and conditions of sale. Epiroc reserves the right to verify eligibility, qualifying purchase amounts, applicable discounts, and compliance with the terms of this Promotion. Epiroc further reserves the right to reject any claim for promotional benefits that does not satisfy the requirements set forth herein. Any exceptions to these terms must be expressly authorized in writing by Epiroc. No warranty is made regarding specifications or otherwise. Specifications and equipment are subject to change without notice.
